

Captain Cool vs.

The Itch Monster

A superhero story for kids with itchy skin

Written by Naroby Zorrilla

Meet Ezzie.

**By day, he's a
regular kid.**

**But when the
Itch Monster comes
sneaking around...**

Ezzie becomes
CAPTAIN COOL!

The superhero who knows
how to shrink that Itch Monster
down to size!

**This morning, the Itch Monster is
already wiggling and giggling.**

“Scratch me! Scratch me!” it whispers to Ezzie.

Captain Cool knows better.

**He takes a deep breath in through his nose,
out through his mouth.**

“Whooooosh!”

The Itch Monster stumbles back.

“Hey!”

Captain Cool calls for his first power:

Shield Power!

Mom, the Super Soother, helps smooth on his special creams and ointments.

“Shield Power activated!”

Next, he suits up in his cotton superhero armor.

“Armor Power check!”

The Itch Monster shrinks a little, but he’s not giving up yet.

At lunchtime, the Itch Monster pops up again.

"Scratch me! Scratch me!" it chants.

*Captain Cool grabs his Super Toolkit and pulls
out one of his favorite toys, his squishy ball.*

"Squish! Squash! Squeeze!"

The Itch Monster's fuzzy hands droop.

"Ooof!" Captain Cool keeps his power mode on

guard. The Itch Monster may be hiding, but it's still at large!

When the itch tickles his arms, **Captain Cool** calls in reinforcements.

"Time for Ice Power!" he declares.

Dad, a.k.a. Commander Chill, appears with a cool compress. He presses it gently against Ezzie's arms.

"Brrr!" squeaks the Itch Monster.

"Too cold!"

"It's working!" says Captain Cool. "We've done it again!"

**Just when the Itch Monster was out of mind,
a sneaky breeze swept through the playground.**

It was the Itch Monster!

He charged straight at Captain Cool, but he was ready.

The fanny pack disappeared. Add it back.

Dad is too expressive. Calm down his smile., make him taller and slightly leaner.

He took a deep breath, stayed calm, and remembered his power moves.

“I can pat, I can rub, or I can give myself a hug!”

With a quick pat on his arm, a gentle rub on his neck, and a mighty bear hug, Captain Cool felt powerful and protected.

The Itch Monster’s powers were no match for him!
